WHY SENSORA?

360° Integrated Execution
Strategy, content, acquisition, conversion and reputation in one system.

Scalable Pipeline Focus
Built to turn attention into measurable patient growth.

INTEGRATED PATIENT GROWTH SOLUTIONS

PATIENT360™

Patient360™ connects discovery, content, paid acquisition, landing pages, WhatsApp/CRM, reputation, and measurement into one highly effective patient-growth system. It brings strategy and data together to turn attention into measurable clinic and hospital growth.

THE APPROACH

STEP 01
Strategy & Research
Analyse market, patient audiences, competitors and growth goals to build a data-backed roadmap.

STEP 02
Patient Journey
Map discovery, consideration, enquiry and appointment touchpoints across the healthcare cycle.

STEP 03
Content & Authority
Create patient-facing content and education material that builds clarity, authority, and trust.

STEP 04
Digital Acquisition
Run targeted Google and Meta campaigns to capture relevant demand and high-intent patients.

STEP 05
Conversion & CRM
Connect custom landing pages, WhatsApp/CRM, and structured follow-up coordination.

STEP 06
Measurement & Scale
Track performance, optimise acquisition costs, and scale channels that drive tangible patient growth.

WHAT'S INCLUDED

- Healthcare Strategy Roadmap
- SEO & Search Visibility Optimisation
- Google / Meta Targeted Campaigns
- Patient Education Content Production
- Conversion-focused Landing Pages

ENGAGEMENT MODEL

CORPORATE ADVISORY & BRAND STRATEGY

BRAND TRANSFORMATION

Healthcare Brand Transformation is a strategic journey that helps healthcare businesses evolve their brand from the inside out—aligning purpose, messaging, and visual identity with market needs. More than a new look, it creates a future-ready brand presence.

THE APPROACH

PHASE 01
Discovery & Audit
Analyse current brand, market position, patient perception, and regional competitors.

PHASE 02
Strategy & Position
Define institutional purpose, core value proposition, and distinct competitive positioning.

PHASE 03
Service-Line Architecture
Structure healthcare offerings, specialties, and departments into a clear market narrative.

PHASE 04
Messaging & Identity
Build core messaging, tone of voice, and a complete institutional visual identity suite.

PHASE 05
Website Direction
Translate the new brand foundation into a stronger, highly usable digital and physical experience.

PHASE 06
Launch & Rollout
Align internal stakeholders, train staff, and execute the go-to-market rollout system.

WHAT'S INCLUDED

- Comprehensive Brand Audit
- Strategic Positioning Framework
- Service-Line Architecture
- Patient & Professional Messaging
- Visual Identity Suite (Logo, Colors)
- Launch Support & Governance

ENGAGEMENT MODEL

12 – 16 Weeks

₹6,50,000

per project

BUILD CREDIBLE PROFESSIONAL VISIBILITY

DOCTOR AUTHORITY BRAND

Doctor Authority Brand builds a structured professional digital presence around clinical expertise, education, and trust—providing high-value visibility without turning medical professionals into generic influencers.

THE APPROACH

STEP 01
Authority Strategy
Define specific medical expertise, positioning, and a credible professional narrative.

STEP 02
Profile Positioning
Build clear, highly credible digital profiles across key medical platforms and directories.

STEP 03
Content Pillars
Create sustainable, education-led content themes centered entirely around clinical expertise.

STEP 04
Video Direction
Provide strategic guidance and scripting for short-form and long-form professional video.

STEP 05
Social Presence
Build appropriate, high-value visibility primarily on networks like LinkedIn and Instagram.

STEP 06
Reputation & PR
Continuously monitor reputation and identify new authority-building or speaking opportunities.

WHAT'S INCLUDED

- Authority & Profile Strategy
- Optimised Digital Profiles
- Educational Content Pillars
- Professional Video Direction
- LinkedIn & Instagram Management
- PR Angles & Opportunities

CREATE CREDIBILITY. BUILD TRUST.

HEALTHCARE PR & REPUTATION

Healthcare PR & Reputation creates an active reputation management system built around expertise, patient stories, thought leadership, and vital trust signals to establish long-term institutional credibility.

THE APPROACH

STEP 01
Reputation Audit
Assess existing digital visibility, current patient perception, and public authority signals.

STEP 02
PR Strategy
Build a focused healthcare reputation roadmap tailored to local and national relevance.

STEP 03
Media Outreach
Create, pitch, and secure relevant media and editorial opportunities for the brand.

STEP 04
Thought Leadership
Translate complex clinical expertise into credible, accessible public narratives.

STEP 05
Expert Commentary
Develop recurring opportunities for expert commentary on trending health topics.

STEP 06
Monitoring & Preparedness
Continuously monitor reputation signals and maintain frameworks for potential issues.

WHAT'S INCLUDED

- Custom PR Strategy
- Active Media Outreach
- Thought Leadership Content
- Expert Commentary Placements
- Ongoing Reputation Monitoring
- Crisis-Preparedness Frameworks
